

## 102061-GP

Load Capacity	603 lbs
Temp. Range	-40°F to 250°F

### Features

- Unground, non-precision
- Stamped metal construction
- Zinc plated mild steel
- Full ball compliment
- Front polymer seal
- Front and rear shields
- Replaceable
- Grease packed

### Application Info

Recommended for slow speed powered conveyor and gravity conveyor applications. Not recommended for high speeds. A metal shield ring supports a polymer sealing ring to hold out small amounts of large particle debris. Not recommended for extremely dusty environments.

### Similar Bearings

- 102060-GP is not sealed or shielded.
- 102086-GP is regreaseable.
- 102101-GP is an equivalent semi-precision bearing.
- 114249-GP is an equivalent ABEC bearing.
