

**CUSTOM
AGV
CONVEYOR
NO: 102**

THE APPLICATION: AGV Decks

THE PRODUCT: Chain Driven Live Roller Conveyor

THE INDUSTRY: Automotive, Electronics, Food and Beverage, Paper and Printing, Pharmaceutical, Plastics, Textile, Distribution and Warehousing, Manufacturing

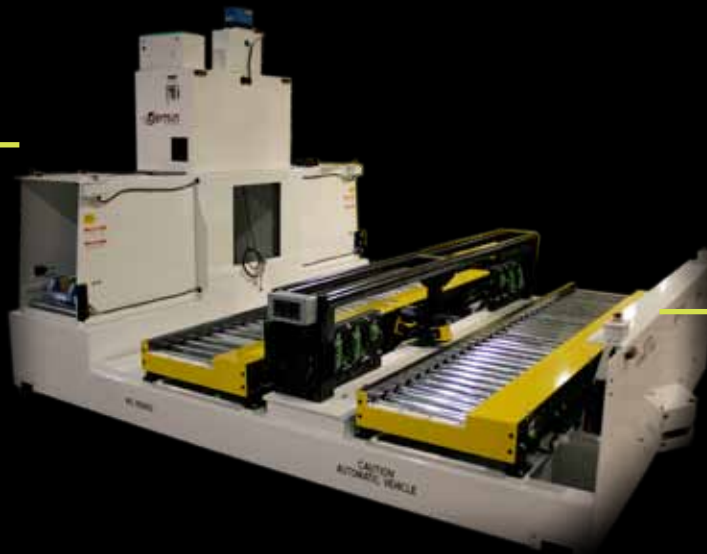

THE NEED: Egemin Automation Inc., a leading AGV manufacturer, needed custom fabrication to their AGV without the high costs of custom fabrication and the ability to private label

THE SOLUTION: Omni Metalcraft Corp. provided Egemin a pre-engineered Chain Driven Live Roller Conveyor with the custom modifications to suit the customer's needs. Customer specified motor, paint color, durability requirements, and many other custom features were provided at an economical price point.

■ Powder coated with customer's color and private labeling available

■ Tapped holes for easy mounting to AGV with customer supplied hole locations

■ Motor brand of choice on the provided equipment

■ Heavy rollers with flange mounted bearings at end to withstand impact loading

■ Unistrut wireway for easy controls mounting

■ Bed rollers on close centers for a variety of pallet types
