

## PALLET DESTACKER WITH CDLR NO: 205

**THE APPLICATION:** Pallet dispensing and building

**THE PRODUCT:** Pallet Destacker Integrated with Chain Conveyor, Chain Driven Live Roller Conveyor

**THE INDUSTRY:** Plastic Manufacturing

**THE NEED:** The ability to store, dispense, stage and build pallets.

**THE SOLUTION:** Omni Metalcraft Corp. integrated a pallet destacker with integral chain conveyor to dispense single pallets onto a chain driven live roller conveyor. The pallet was then outfitted with a glued box which was guided utilizing an adjustable product guide rail. The box was stopped with a pop-up blade stop to be filled with plastic pellets.
